

# INDUSTRY DISSEMINATION DAY

**18 JUNE 2025**  
**BOLOGNA**  
**9:30 CET**

# INFO

Discover the **future of industrial wireless connectivity** at the BI-REX Pilot Plant in Bologna.

This exclusive event brings together **industry leaders, researchers, and tech experts** to explore groundbreaking advancements in THz Industrial Mesh Networks, smart sensing, and wireless propagation.

Experience **live demos, expert talks, and a guided tour** of cutting-edge facilities where innovation meets real-world application.

---

**9:30** - *Welcome coffee*

**10:00** - **Introduction to the Project:** Context and future opportunities

**10:15** - **Key Innovation Tech:** Innovative technologies and their potential

**10:40** - **Hardware and Technology:** Antennas, RIS and radio modules

**11:05** - **Standardization**

**11:15** - **Use case:** Scenarios and Proof of Concept

**11:40** - *Coffee Break*

**12:10** - Guest Speech

**12:45** - Open Discussion/ Q&A

**13:00** - *Lunch*
